National Treasury Employees Union

Retire

NTEU STRONG

You may be retired.
NTEU is not.

FROM THE NATIONAL PRESIDENT

Congratulations on your upcoming retirement!

Throughout your federal career, NTEU looked out for you. We advocated for higher pay raises, benefits and programs that improved your workplace and work-life balance.

Now, as a federal retiree, we still have your back.

As you were building your career and serving our country, NTEU was working to protect the secure retirement you and your family have been counting on. That's because the attacks on federal employees don't end when your career does.

In recent years, we've protected federal retirees by blocking attempts to eliminate cost-of-living increases for those under the Federal Employees Retirement System and reduce COLAs for those on the Civil Service Retirement System. We need your support to keep our guard up and ensure we can defeat these perennial threats every single time.

But we haven't just played defense. NTEU helps keep the Thrift Savings Plan affordable while expanding options for enrollees. We led the fight for federal workers and retirees to keep dependents on their FEHBP plans until age 26. And, we are active in any discussion, proposals or legislative efforts regarding Social Security and Medicare. We bring your voice to those talks so federal retirees are treated fairly and can retain your full access to these benefits.

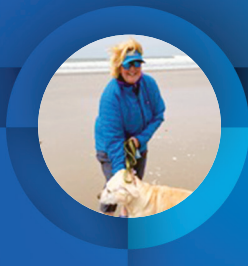

As a retiree member of NTEU, for only \$42 a year, you give us the power and clout we need to effectively defend the retirement you earned and were promised when you began your federal career.

I invite you to stay with us or join us. Together, we will achieve a better future for you and those still serving in our federal government.

Tony Reardon
NTEU National President

A handwritten signature in black ink that reads "Tony Reardon". The signature is fluid and cursive, with a long horizontal stroke at the end.

LINDA BRANSON Chapter 5 (IRS Idaho)

I appreciate that NTEU continues to fight and protect our interest as retirees. Just as we needed their strength in the office, we still need NTEU's voice to represent our collective interests. Continuing my membership is my commitment to ensuring the union's success for all of us.

PROTECT WHAT YOU EARNED

As a retiree, NTEU needs your support because we're still fighting for you. Just because you are retired doesn't mean your health benefits, COLA or retirement are secure.

NTEU fights every day to protect your hard-earned retirement by testifying before Congress, closely monitoring legislation and beating back proposals that threaten your pension. The union works to:

- Stop efforts to reduce retirement benefits and Federal Employees Health Benefit Program (FEHBP) coverage.
- Fight against escalating prescription drug costs.
- Protect cost-of-living adjustments (COLAs) and federal pensions.
- Track Social Security and Medicare proposals to ensure federal retiree access continues.
- Ensure the Thrift Savings Plan (TSP) maintains its independence, low fees and adequate choice in investments.

NTEU MEMBERSHIP GIVES YOU MORE

Retiree members receive all NTEU discounts, benefits and access to news and information.

- Stay involved and connected to your friends and colleagues
- Unlock member-only access to NTEU's website
- Receive publications to keep you up-to-date on federal retiree issues
- Save money on insurance, travel, auto care, health services and more
- Get free access to tax preparation software

NTEU's money-saving member benefits more than pay for your annual \$42 membership dues!
